

<u>Caliber</u>	<u>Headstamp-Description</u>	<u>Price</u>
<u>7.7 x 56R (essentially the same dimensions as the .303 British, used as this metric designation in Europe & Japan)</u>		
Plastic RN bullet M63	F N 5 2 (round brass primer with maroon seal, bullet is translucent plastic and short, oal is only 2.60", box says ".303 SEC PLASTIC M63")	1.25
FJPTD, copper jacket	VE 1 C 54 (flat brass primer, purple seal, three stab crimp. Black mouth seal)50
FJPTD, tinned jacket	A O C 1340 (flat copper primer)50
FJPTD, copper jacket	F N 66 (rounded brass primer with dark maroon seal)50
Same	F N 48 (rounded brass primer, green seal)50
FJPTD, steel jacket	V P T 40 (flat brass primer)50
Incindiary, FJPTD, blue tip	V P T 41 (flat brass primer)50
FJPTD, blue tip	F N 52 (rounded brass primer, blue mouth seal, green primer seal, steel jacket bull.)	1.00
Tracer, FJPTD maroon tip	F N 50 (rounded brass primer, maroon mouth & primer seal, steel bullet jacket)50
Same	F N 52 (rounded brass primer, green seal, maroon primer seal)50
Jap naval tracer	E 7.7 0-11 (large brass primer, full ring crimp & maroon seal)	3.00
	E 7.7 2-111 (same as above)	3.00
	E 7.7 97-12 (same as above)	3.00
	E 7.7 1-111 (same as above)	3.00
<u>7.7 x 58 Jap Military</u>		
Type 92 semi rimmed ball	Plain base with green primer, pink mouth seal, ball loading	1.00
Same as above except that the primer color is much darker, almost black		1.50
Type 92 semi-rimmed Explosive	Plain with flat brass primer, copper jacket is <u>flat nosed</u> and has a black mouth seal. See Datig, volume 2, page 37. The case mouth seal on these is black	7.50
<u>7.82 Lazzeroni Warbird</u>		
140 grain Nosler PTD	LAZZERONI 7.82 WARBIRD (flat nickel primer)	8.00
180 grain SNPTD	Same as above.....	7.50
		
<u>7.92 x 57 Mauser</u>		
Explosive, silver tip	* 11 * 55 (brass primer with maroon seal. The bullet tip is silver, the lower bullet is black, case mouth seal is maroon. These are a Yugoslav arsenal concoction using German B-Patrone bullets to make their own variation.Box copy available)	5.00
<u>7.92 x 57 JS</u>		
SNPTD, steel jacket	H. UTENDOERFFER NURNBERG (flat copper primer).....	4.00
<u>8mm Gibbs</u>		
185 grain PSP-CL	QUAL-CART 8mm GIBBS (flat nickel primer)	5.50
<u>8 x 48R Saur</u>		
150 grain LDRN	QUAL-CART 8 x 48R (flat nickel primer).....	6.25
<u>8 x 50R Steyr-Mannlicher</u>		
FJRN, steel jacket	K S DWN S K 358 C (brass primer. The DWM catalog describes this as Ostererich-Bulgarian M95. A very rare headstamp).....	30.00
FNRN, steel jacket	K U DWM U K 358 C (brass primer	30.00
SNPTD, steel jacket	K N DWM N K 358 C (brass primer with black seal)	30.00
New empty case	RWS 18 *T* 96 (two hole Berdan pocket, four segment headstamp)	2.50
Blank, green wood RN "bullet"	Various military arsenal headstamps, the bullets are a brilliant green	3.50
<u>8 x 50R Pieper</u>		
Deep seated FN	* F N * (brass primer, bullet is seated flush with case mouth and covered with wax)	15.00
<u>8 x 51R Lebel</u>		
170 grain SNRN, tinned	REM-UMC 8 M/M LEBEL (flat nickel primer with full ring crimp)	2.00
FJFN, tinned jacket	* K * 8M/M (large rounded brass primer, by Kynoch, box says "STANDARD".)	5.00
FJPTD, tinned (?)	GG (entwined) * S.F.M * (large rounded brass primer)	1.50
<u>8 (8.2) x 56 Mannlicher -Schoenauer</u>		
150 grain SPT	QUAL-CART 8 x 56 M-S (flat nickel primer)	3.25
SNRN, tinned jacket	ELEY 8 mm M.S. (flat brass primer)	2.00
FJRN, tinned jacket	ELEY 8mm M.S (flat brass primer)	2.00

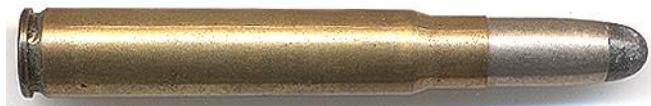

SNRN, steel jacket	H * * * (flat brass primer, four segment headstamp, by Hirtenberger-Austria)	1.50
FJHP, steel jacket	* PS * 8 x 56 (TB logo on brass primer, green seal. Czech.)	1.50
SNRN, steel jacket	D W M 8 x 56 M. Sch. (flat brass primer, black seal)	1.50
SNRN, steel jacket	K K DWM K K 528 (flat brass primer with black seal)	12.00
SNFN, steel jacket	K DWM K 528 (rounded brass primer)	12.00
FJRN, cws jacket	KYNOCH 8mm M.S. (flat brass primer, no seal)	1.50
SNRN, steel jacket	KYNOCH 8mm M.S. (flat brass primer, no seal)	1.50
SNRN, cws jacket	KYNOCH 8 mm M.S. (flat brass primer, purple maroon seal)	1.50
<u>8 x 56R Hungarian M95</u>		
FJPTD, cws jacket	Nazi German eagle logo, 19 38 VIII (four segment divided headstamp, rounded brass primer, made under Nazi occupation)	1.00
FJPTD	Hungarian Lion 19 Bø 39 (flat brass primer with black seal).....	2.50
<u>8 x 57 Mauser, Commercial headstamp</u>		
175 gr. SNPTD	MITCHELL 8MM MAUSER.....	3.00
175 GR. FJHP	Same as above.....	3.00
198 gr. FJPTD	Same as above.....	3.00
200 gr. SNRN	HERTER'S 8mm (brass primer).....	2.00
Monolithic RN	W-W SUPER 8mm MAUSER (nickel primer, early A-Square mfg.).....	2.00
SNRN, copper jacket	D.C.Co. 8 M/M (flat brass primer)	1.50
Dummy, SNPTD	SUPER SPEED 8 M/M MAUSER (blackened case, hole in black primer)	2.50
1/2 charge blank	REM-UMC 8 M/M (flat nickel primer, 1/2 on yellow wad, probably movie blank)...	.50
Blank, yellow wad	REM-UMC 8 M/M (flat nickel primer, box dated 1-5-1943).....	.50
230 grain SNRN, tinned jacket	REM-UMC 8 m.m (U on flat copper primer)	1.00
SNRN, tinned .318" dia.	REM-UMC 8 m/m (flat nickel primer).....	1.00
SNRN, copper jacket .318 dia.	REM-UMC 8 M/M (flat nickel primer).....	1.25
SNRN, copper jacket	WESTERN 8 M/M (rounded nickel primer)	1.00

<u>9.5 x 72R-360D Hunting</u>		
LDNF, one exposed groove	× GECADO × 360 D (large flat brass primer)	17.00

10.15 x 61R Jarmann

Harpoon gun blank

The base is covered with a tan paper disc with what looks a faint 1.8 on it. The case mouth has an inverted copper cup in it and is laquered in place. A single smooth cannl. is also at the case mouth 4mm from the end. The end of some necks were machined or sanded after the cups were seated. These came from two sealed arsenal packs
